## Your success is our success

At SADA, we climb every mountain, clear every hurdle, and turn the improbable into possible – over and over again. Simply put, we propel your organization forward.

It's not enough to migrate to the cloud, it's about what you do once you're there. Accelerating application development. Advancing productivity and collaboration. Using your data as a competitive edge. When it comes to Google Cloud, we're not an add-on, we're a must-have, driving the business performance of our clients with its power.

Beyond our expertise and experience, what sets us apart is our people. It's the spirit that carried us from scrappy origins as one of the Google Cloud launch partners to an award-winning global partner year after year. With a client list that spans healthcare, financial services, media and entertainment, retail, manufacturing, public sector and digital natives – we simply get the job done, every step of the way.

Your challenges are ours. We're ready. Let's go.

## Terms of offer

**Access:** We need your facilities, security, networking, connectivity and storage staff to allow these systems to interoperate with your current environment.

**Point of contact:** Our timeline anticipates timely responses for authorization and approvals.

**Out of scope:** GCP costs are covered by you. Additional SOWs are required for containerization, app modernization, high-availability design, international deployments, hosting operations, and other services.

“Our plan moving forward with the cloud is to go global. We’ve cut our teeth in the US market, and we’re really focused on Europe and Asia. We’re really proud of that, and that’s only possible because of the relationship with SADA.”
